

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I disconnected my home phone service because I couldn't afford to keep paying for something I didn't use that often. NOW you want me to PAY for others to make calls???? I THINK NOT!!! LET THEM PAY FOR THEIR OWN LONG DISTANCE CALL'S CAUSE I DON'T MAKE THEM!!!!!!

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my pay-as-you-go wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Cathy Funk
